Screenshots

Invalid Credentials – Check

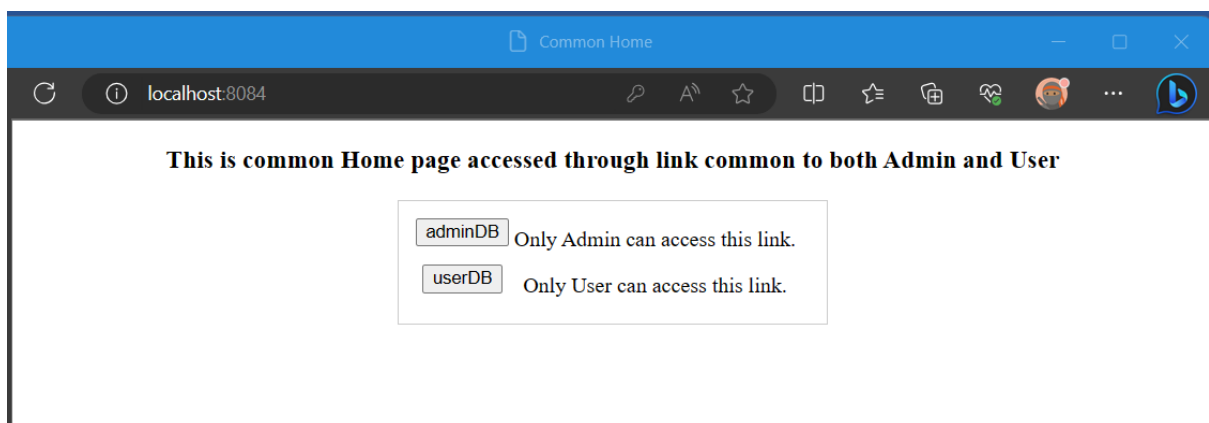

Admin Login

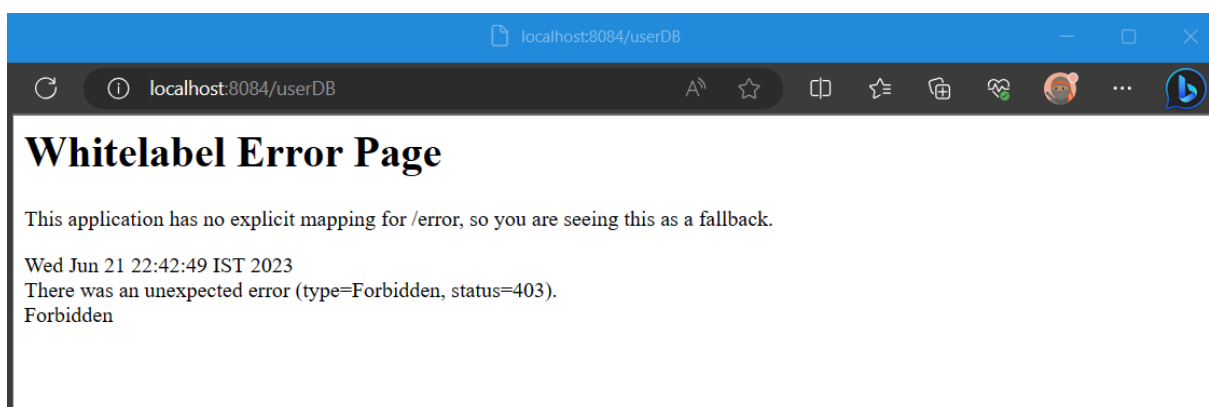

A screenshot of a web browser window showing the 'Please sign in' page. The browser's address bar displays 'localhost:8084/login'. The page has a light gray background with the text 'Please sign in' in a large, bold font. Below this text are two input fields: the first contains 'admin' and the second contains 'admin123' with a toggle icon to its right. A blue 'Sign in' button is positioned below the password field.

Common Home Page

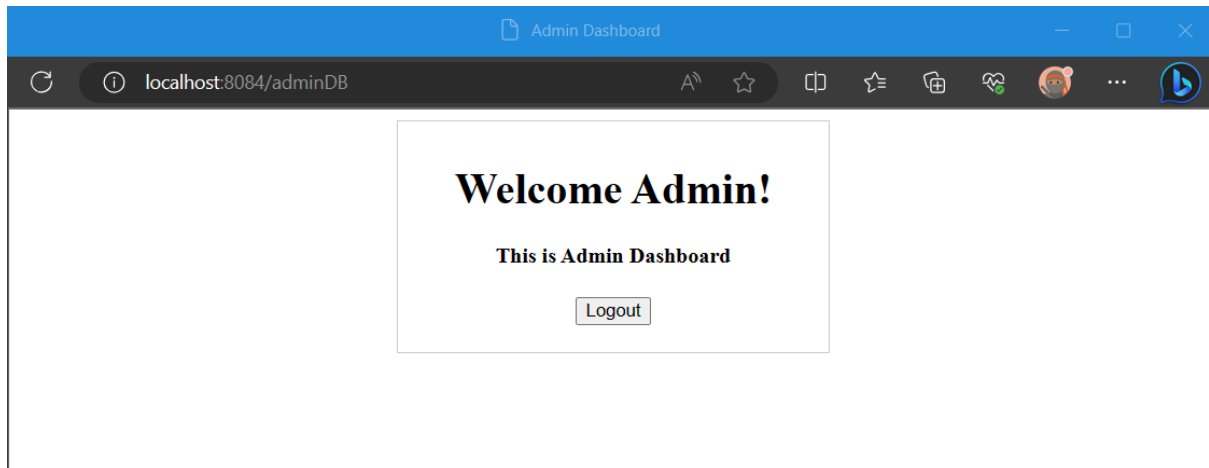

A screenshot of a web browser window showing the 'Common Home' page. The browser's address bar displays 'localhost:8084'. The page content includes the text 'This is common Home page accessed through link common to both Admin and User'. Below this text is a box containing two items: 'adminDB Only Admin can access this link.' and 'userDB Only User can access this link.'.

Accessing userDB by admin – leads to error (Forbidden)

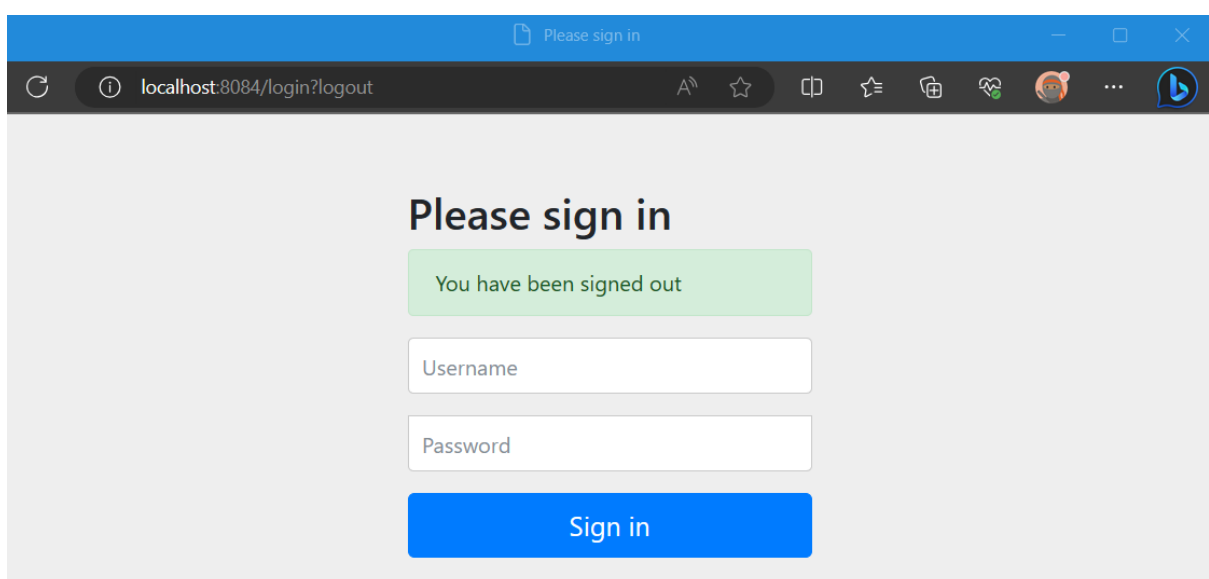

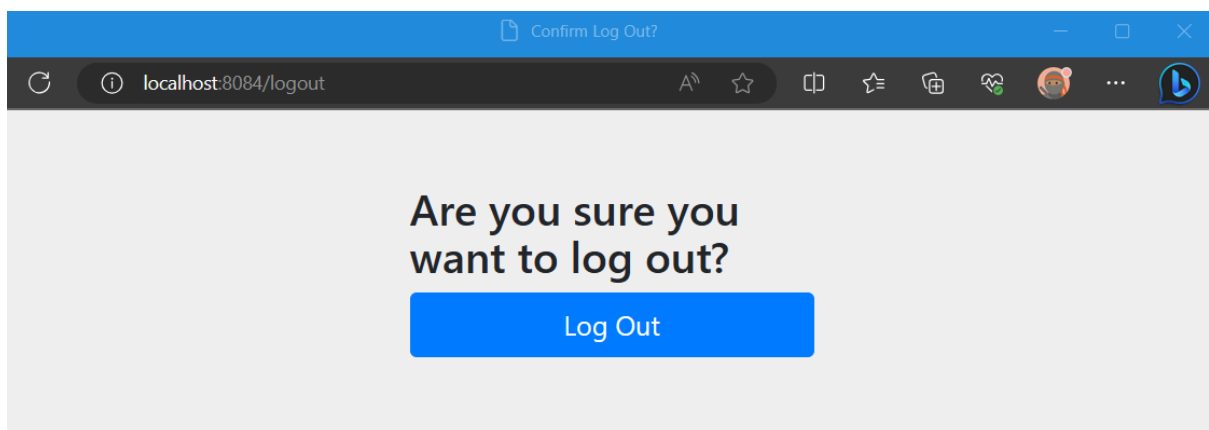

A screenshot of a web browser window showing the 'Whitelabel Error Page'. The browser's address bar displays 'localhost:8084/userDB'. The page has a white background with the title 'Whitelabel Error Page' in a large, bold font. Below the title, the text reads: 'This application has no explicit mapping for /error, so you are seeing this as a fallback.' followed by the timestamp 'Wed Jun 21 22:42:49 IST 2023' and the error message 'There was an unexpected error (type=Forbidden, status=403). Forbidden'.

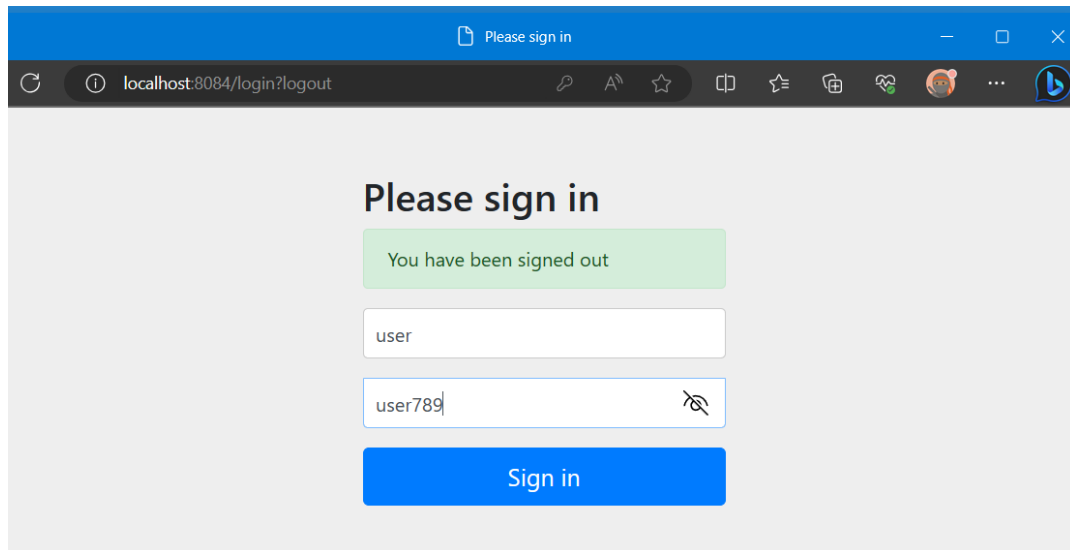

Accessing adminDB by admin

User Login

The screenshot shows a web browser window with the title "Please sign in". The address bar displays "localhost:8084/login?logout". The page content includes a heading "Please sign in", a green message box stating "You have been signed out", a text input field containing "user", a password input field containing "user789" with a toggle icon, and a blue "Sign in" button.

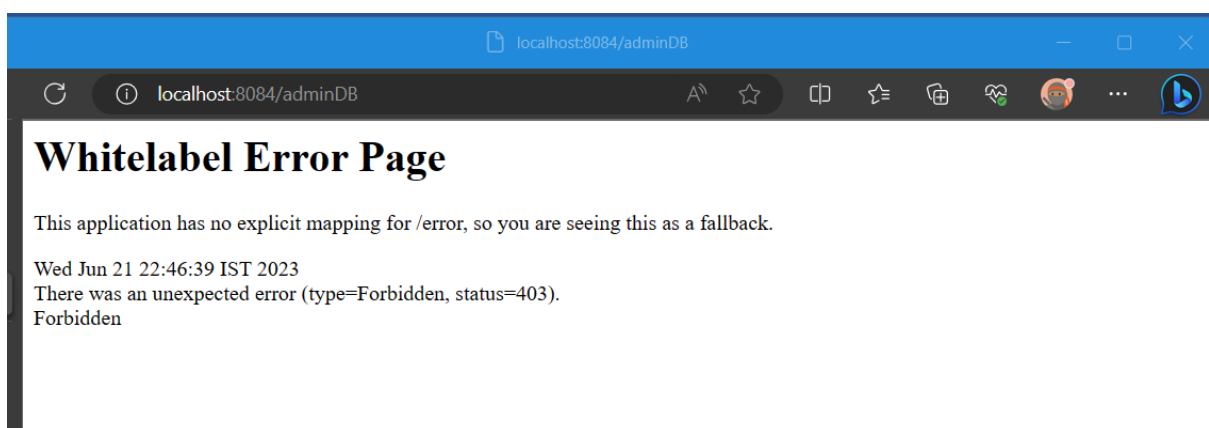

Common Home Page

The screenshot shows a web browser window with the title "Common Home". The address bar displays "localhost:8084". The page content includes a heading "This is common Home page accessed through link common to both Admin and User" and a table with two rows:

adminDB	Only Admin can access this link.
userDB	Only User can access this link.

Accessing adminDB by user – leads to error (Forbidden)

The screenshot shows a web browser window with the title "localhost:8084/adminDB". The address bar displays "localhost:8084/adminDB". The page content includes a heading "Whitelabel Error Page" and the following text:

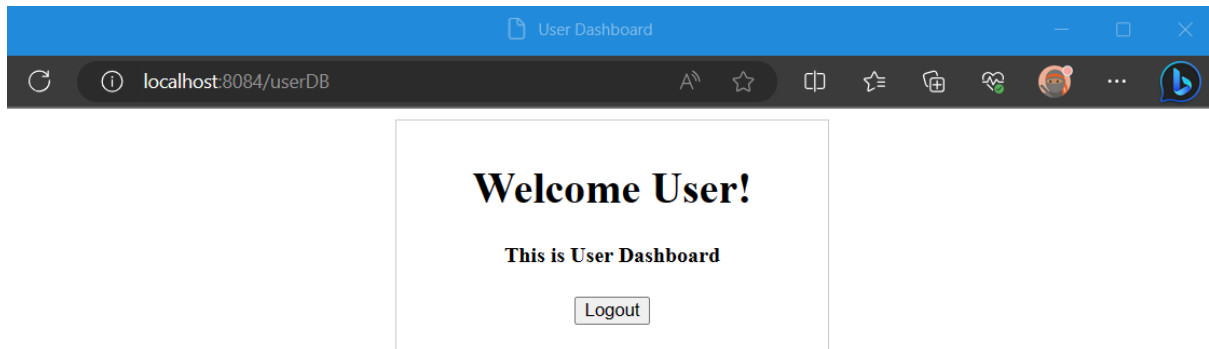

This application has no explicit mapping for /error, so you are seeing this as a fallback.

Wed Jun 21 22:46:39 IST 2023

There was an unexpected error (type=Forbidden, status=403).

Forbidden
